

NOTICE TO CONTRACTORS

INVITING SEALED PROPOSALS OF BIDS FIRST STREET RESURFACING PHASE 2 PROJECT

The City of Lincoln has obtained Regional Surface Transportation Program (RSTP) funding. It plans to rehabilitate First Street from the alley between L Street and K Street to H Street during the 2022 construction season. The current conditions of this roadway are showing signs of pavement degradation, base failures, weathering, other pavement distress, drainage issues, and out-of-compliance ADA curb ramps.

The proposed project will rehabilitate the roadway by performing full-depth reclamation with cement (FDR-C), correcting drainage issues by replacing sections of the existing curb and gutter, extending the underground storm drain system, and upgrading all non-compliant ADA ramps that cross the area of First Street being rehabilitated. In addition, new traffic striping and pavement markings will be placed.

The bidding documents are available for download to interested Contractors at the following location <http://www.ciplist.com/plans/?Lincoln/city/11680>.

If you have difficulty obtaining the bidding documents online, please contact:

City of Lincoln Engineering Division
Attention: Edgar Garcia
600 Sixth Street
